Institutional Treatment of Tuberculosis

means that the patient is given constant attention; that the regime which is found to be best adapted to the case is rightly adhered to; that a resident physician is at hand all of the time, studying the case and adapting the treatment to it; that nursing service is the best. All of these things mean improvement, greater comfort and possible recovery. Hazelwood is operated without profit by the Louisville Anti-Tuberculosis Association. Rates \$12.50 a week. THE THRICE-A-WEEK EDITION OF THE NEW YORK WORLD

JN 1917

Practically a Daily at the Price of a Weekly. No other Newspaper in the world gives so much at so low a price.

The value and need of a newspaper in the household was never greater than at the present time. The great war in Europe is now half way into its third year, and, whether peace be at hand or yet be far off, it and the events to follow it are sure to be of absorbing interest for many a month to come.

These are world-shaking affairs, in which the United States, willing or unwilling, is compelled to take a part. No intelligent person can ignore such issues.

THE THRICE-A-WEEK WORLD'S regular subscription price is \$1.00 per year, and this pays for 158 papers. We offer this unequalled newspaper and the

HOPKINSVILLE KENTUCKIAN (Tri-weekly,) together for one year for \$2.65. The regular subscription price of the two papers is \$3.00

PREPARING FOWL FOR TABLE

Rules It Will Be Well to Observe in the Operation of "Plucking" Biddy Before Cooking.

The fowl being carefully plucked and singed must next be drawn. To do this cut off the head, leaving about four inches of the neck, slit the skin down the back of the neck and loosen it completely all around. Separate the gullet and follow it with the fingers, passing them all around where it enters the body, so as to loosen the crop, which can then be pulled out whole with its contents, merely by laying hold of the gullet with a cloth to prevent it from slipping. Then cut the neck off quite close to the body, leaving the flap of skin on. With the point of a sharp knife make a short cross-way slit, just beneath the tail of the bird, taking care in doing so, however, not to wound the intestines. Into this slit put one finger as far as it will go, and pass it round close to the breastbone and backbone, so as to break through the attachments which hold the internal organs in place. Enlarge the hole then, if necessary, enough to admit two fingers, and between these lay hold of the gizzard, the large hard mass which will usually be found lying just beneath the point of the breastbone. Draw this out first, and then, by pulling gently but firmly, all the rest will follow together, after which the body should be washed or wiped out.—Modern Priscilla.

SWEET DISH ALL WILL LIKE

Strawberry Ice Comparatively Inexpensive and One of the Most Delicious Dessert Confections.

A most inexpensive strawberry ice may be made by boiling two cupsful of sugar with a half a cupful of hot water for three minutes. Cool and add a box of berries, crushed, and the juice of a lemon. Then add a cupful of ice water and partially freeze. Stir in the stiffly beaten white of one egg and finish freezing.

Tiny sponge cakes leed with strawberry juice and confectioner's sugar are delicious to serve with this ice, or a big layer cake, frosted with white and decorated with a wreath of roses made from candied rose leaves and citron, with yellow candles for centers.

Or the ice may be made from grape juice and the little cakes decorated with candied violets. Strawberries dipped in pink fondant and served in little paper cases are very pretty.—People's Home Journal.

Mock Chicken Omelet.

One slice of roast veal or roast pork will do, cut up in tiny pieces. One or two slices of onion as thin as a wafer, cut up very fine, put in frying pan with one teaspoonful butter after it is melted. Pour over one well beaten egg with one teaspoonful (scant) flour, a little salt and pepper and four tablespoonfuls of milk mixed with it, and cook slowly until egg is all cooked. Delicious on toast.

Cheese Scallops.

Soak one cupful of bread crumbs from the center of a stale loaf of bread in one pint of milk. Add two well beaten eggs, three tablespoonfuls of melted butter, one-half teaspoonful each of salt and paprika, a dash of cayenne and three-quarters of a cupful of grated cheese. Butter some scallop shells, fill with the mixture and bake in a hot oven until firm. Serve at once.

Good Supper Dish.

Here is a good supper dish. Cook one pint tomatoes and a small onion. When done, strain. Blend two tablespoonfuls of flour and two of butter, salt and pepper to taste, and add to tomatoes. Mix together one cupful chopped lamb, beef, veal or chicken and one cupful boiled rice. Put all the ingredients in buttered baking dish, cover with crumbs and bake until brown.

Chocolate Jelly.

Three cupfuls of milk, one and one-half tablespoonfuls of gelatin, one and one-half squares of chocolate, one-half cupful sugar. Soak the gelatin in one-half cupful of the milk, add chocolate and sugar to the two and one-half cupfuls of milk and scald, then add gelatin dissolved in the half cupful of milk. Strain into individual molds through cloth or fine sieve. Serve with cream.

Odd Refreshment.

Here is something odd in the way of refreshments. Now this may not appeal to you, but I wanted to send my mite. Core and pare an apple, bake the apple not to be mushy, but cooked through tender. When the apple is cool fill the center with mince meat, then put a little whipped cream on top. It is delicious. Try it.

When Warming Cereals.

Instead of warming cereals in the oven, fill a large corn popper full of flakes and toss it lightly over the heat from the stove. Besides being quicker, there is no possibility of scorching, as is the case when the oven is used.

Water Bottle Cover.

A hot water bag often proves to be the friend in need, and if possible one should provide a suitable dress for it. One seen recently was made of white flannel embroidered with a simple wreath in pink and green.

When Shaking Rugs.

When shaking rugs grasp the sides; in this way the fringe is protected and the ends do not ravel.
